

Christmas CRAFTS

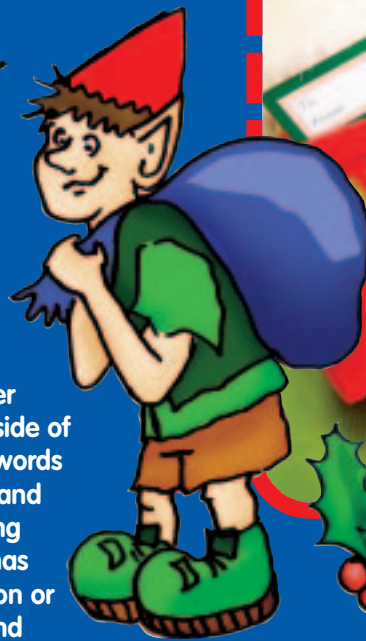

Christmas is just around the corner so here are some fabulous Christmas Craft ideas to keep you entertained and fulfilled for hours.

Have-to-Have Ho Ho Bags

You need:

- ★ Red felt
- ★ Fake fur
- ★ Ribbon or cord
- ★ Bostik Glitter Glue pens
- ★ Bostik Clear Gel Adhesive

There's nothing more special than receiving a home-made gift. All you need to do is take a rectangle of red felt and fold it in half. Glue the two sides together using Bostik Clear Gel Adhesive so that it forms the shape of a bag. Cut another smaller square of felt and glue three of the sides to the outside of the bag so that it forms an outer pocket. Write the words "HO" on the pocket using a Bostik Glitter Glue pen and allow to dry. Glue fake fur to the top of the bag using Bostik Clear Gel Adhesive. Fill the bags with Christmas nuts, chocolates or other sweeties and tie with ribbon or cord. Insert a little Christmas card into the pocket and watch the smiles grow as you hand them out on Christmas day.

Crafty Christmas Cards

You need:

- ★ White cardboard
- ★ Coloured foil paper
- ★ Bostik Bling Bitz (new)

Make a Christmas card, using some coloured cardboard and decorate it using Bostik Bling Bitz sequins. For the tree, cut a long triangle shape out of some cardboard and stick green foil paper onto it, using the craft glue in the centre of the Bostik Bling Bitz wheel. Decorate the tree, using the diamanté and star-shaped sequins and then stick it onto the decorated Christmas card, for a Christmas tree-card.
