Back-to-School readiness presents a challenge each year. The Bostik team once again make life easier with these creative crafts that will take the "sting" out of returning to school and turn a boring task into a heap of fun for the whole family. Bostik's innovative range of adhesives and art and craft products ensure that you start the school year enthusiastic and well prepared!

PENCIL TOPPERS

Pencil toppers are fun and add creativity to a very ordinary stationery item – the pencil! Using Bostik Crazy Clay, shape and press your creation onto the end of your pencil and allow it to dry. Once dry, you can be as creative as you like - use Bostik Glass Deco to make ears or wings and then decorate with sequins, wiggly eyes or diamanté from the Bostik Bling Bitz wheel. Crazy Clay also comes in refill packs so don't worry about running out of a certain colour.

You will need:

- ◆ Bostik Crazy Clay
- ◆ Bostik Glass Deco
- ◆ Bostik Bling Bitz
- ◆ Bostik Glitter Glue pens
- ◆ Pencils

FUN DESK TOP STATIONERY HOLDERS

Using recycled material for crafts is always satisfying. Collect tins of different shapes and sizes and after cleaning and drying them thoroughly, cover the tins with funky wrapping paper and use diamanté from the new Bostik Bling Bitz wheel to decorate them. You can also glue different coloured strips of ribbon onto the tins, adding Bostik Bling Bitz sequins with the white craft glue provided in the centre of the Bostik Bling Bitz wheel and make glitter patterns using Bostik Glitter Glue pens.

You will need:

- ◆ Bostik Bling Bitz
- ◆ Bostik Glitter Glue pens
- ◆ Suitable empty tins & containers

FUNKY FLUFFY BOOK COVERS

These book covers are fun and easy to make. Choose your favourite colour scheme of pipe cleaners and, one by one, using Bostik Clear Gel, glue them closely together until your whole book is covered. Once dry, trim the edges of the pipe cleaners with a sharp pair of scissors. Now make a bookmark – glue a pom-pom onto some ribbon and tie it to the spine of the book, or glue it onto the inside cover of the book. Choose a different colour scheme for each book so they are easily recognisable.

You will need:

- ◆ Bostik Clear Gel
- ◆ Pipe Cleaners and Scissors
- ◆ Ribbon, pom-poms and note books or files
